

AL-BARAA MOHAMED

Frontend Developer

Ismailia, Egypt

Phone: +20 101 427 9025 | Email: albaraamoh41@gmail.com | LinkedIn: linkedin.com/in/al-baraa-mohamed-830498284
| GitHub: github.com/baraamoh18

Summary

Frontend developer experienced in translating UI/UX design specifications and component style guides into responsive, pixel-perfect interfaces with React, TypeScript, and CSS3. Comfortable working asynchronously in remote, distributed teams. Native Arabic speaker with professional working proficiency in English.

Education

Suez Canal University

Bachelor of Science in Computer Science

October 2023 – June 2027

Ismailia, Egypt

Skills

Languages: JavaScript, TypeScript, Python, Java, C++

Front-End: HTML5, CSS3, React.js, Next.js, Tailwind CSS, React Router, Framer Motion, Responsive Web Design

Back-End: Spring Boot, REST API Development, MVC Architecture

Developer Tools & Platforms: VS Code, Git, GitHub, IntelliJ IDEA, Vercel, Windows PowerShell

Spoken Languages: Arabic (Native), English (Professional Working Proficiency)

Experience

FlyRank AI

Front-end AI Engineering Intern

July 2026 - Ongoing

Remote

- Selected for an upcoming internship focused on integrating artificial intelligence models with modern frontend interfaces.
- Preparing to build responsive UI components with React and TypeScript to support AI-driven web applications, collaborating asynchronously with a remote team.

Digital Egypt Pioneers Initiative (DEPI)

Front-End Development Trainee

Dec 2025 – July 2026

Remote

- Participating in a national training program focused on modern front-end development.
- Learning and building responsive, component-based applications using HTML, CSS3, JavaScript, TypeScript, and React.
- Exploring state management concepts and integration with backend APIs.

Information Technology Institute (ITI)

Advanced Frontend Web Development Trainee

Early 2026

Ismailia, Egypt

- Completed an intensive 162-hour course dedicated to advanced frontend technologies and modern web performance best practices.

Projects

Personal Portfolio Website | *React, TypeScript, Tailwind CSS, Framer Motion*

April 2026 – August 2026

- Designing and developing a high-performance, responsive personal portfolio with pixel-perfect layouts to showcase technical projects and professional identity.
- Implementing smooth animations and interactive elements using Framer Motion to enhance user engagement and visual storytelling.
- Optimizing web performance, SEO, and accessibility through modern frontend practices, ensuring fast load times across all devices.
- Utilizing Tailwind CSS and CSS3 for a streamlined, utility-first design approach, achieving a consistent and polished UI/UX.

TROSC Team Website | *React, TypeScript, CSS3, Tailwind CSS*

January 2026 – August 2026

- Collaborating in an agile team to develop the official website for the TROSC team using React and TypeScript.
- Translating detailed UI/UX design specifications and component style guides into pixel-perfect, responsive interfaces.
- Working closely with a backend developer to seamlessly integrate frontend components with backend REST APIs.
- Building reusable and scalable React components consistent with the project's design system.
- Collaborating asynchronously using Git and GitHub for version control within a highly organized team workflow.

ToDo App | *React, Tailwind CSS, React Router, Vercel*

July 2025 – September 2025

- Built a modern single-page ToDo application using React and component-based architecture.
- Programmed full task creation, editing, and deletion (CRUD functionality).
- Implemented a basic authentication flow (Sign Up / Log In) and used React Router for smooth client-side routing.
- Designed a responsive and clean UI using Tailwind CSS and deployed production builds to Vercel.

Extracurricular

Msh Hackers

Media Team Member

November 2024 – October 2025

Suez Canal University

- Created engaging media content and technical articles for the Msh Hackers community.
- Designed promotional posters and digital graphics using Adobe Photoshop.
- Collaborated with the team to promote events and technical initiatives.
